Supporting Our Community

Our school is having a special week four this term. The children will be participating in events that promote connection to, and support for the broader community.

On Wednesday 14 November we will participate in 'One Walk' to raise awareness of Type One Diabetes. On Thursday 15 November we will have fun skipping with 'Jump Rope for Heart', raising awareness of heart health and healthy living.

There are members of the Neville Bonner Primary School community who are directly affected by both Type One Diabetes and serious heart conditions. Our participation in the events will support research to improve the lives of members of our local community as well as others all over Australia.

If your family is able, we ask the children to contribute a gold coin donation for each fundraising event. All funds contributed will be provided to [Diabetes Australia](#) and [The Heart Foundation](#).

Jump Rope for Heart

On Thursday November 15 our school will be participating in Jump Rope for Heart. This will be a great chance for the children to develop some new skipping skills by participating in fun skipping activities. During week four we will also be discussing the importance of heart health and the benefits of being physically active. Children are encouraged to bring a gold coin donation which will be donated to the Heart foundation to support their work in fighting heart disease.
